SYMPHONY CONCERTS SUNDAY AFTERNOONS

Standard Oil Company Contribution Insures Series of Twenty-one Entertainments

Announcement has been made in San Francisco that with the assistance of the Standard Oil Company of California twenty-one symphony concerts will be broadcast simultaneously, beginning Sunday afternoon, October 24, by Stations KGO, Oakland; KPO, San Francisco, and KFI, Los Angeles, constituting one of the greatest link-ups of radio stations ever undertaken on the Pacific Coast.

Some weeks ago a public subscription was started in San Francisco for $25,000. Listeners of the Pacific Coast were asked to send in a contribution to this fund. Approximately $15,000 was raised and the Standard Oil Company of California agreed to subscribe the sum necessary to make the undertaking a reality.

In order that radio listeners may derive the fullest value and enjoyment from the concerts, the Standard Oil Company will make available each week at its service stations programs for the concert of the following Sunday. This program will not only list the compositions to be played but will also contain a description of each composition, which will enable listeners to follow the music and better understand the story the composer wishes to tell. The first programs will be available October 28.

The San Francisco symphony orchestra, consisting of ninety artists, is one of the leading organizations of its kind in the United States.

The concerts are scheduled to begin at 2:45 p. m., Sunday afternoon.

WEBER STORE AT LONGVALE DESTROYED BY FIRE TUES.

WILLITS, Oct. 26.—The large general merchandise store of E. D. Weber at Longvale, 13 miles north of here, was burned to the ground early this morning. Weber arose at about 3 o'clock and built a fire and was preparing to make an early start for Santa Rosa, where his wife has been for some time on account of ill health. About 3:30 he discovered the rear of the building on fire. He awakened his two children in the rear of the store and with their help saved a few personal items. The building and contents were partly insured.

USES FERRETS ON RATS

T. J. Williams has just received a pair of ferrets for rat-catching purposes. This, so far as we know, is the first time these animals have ever been used in Ukiah. In some sections the use of ferrets for the dstruction of small varmints is very common.

Mr. Williams invites anyone interested to call and see the ferrets. They are at the blacksmith shop.

BIG TREAT IN STORE FOR SUNDAY THEATRE-GOERS

Laughs galore are said to be found in "Easy Come, Easy Go," to be presented Sunday at the State theatre here by Henry Duffy, the San Francisco producer. The play opens in a Pullman smoker and the remaining acts are in a private sanitarium. All are said to require lavish stage settings.

Laughter of the continuous, contagious sort abounds in this farce-comedy, which was presented for three hundred nights on Broadway and comes here fresh from a two-months' run at the Alcazar theatre in San Francisco.

While the play is not distinctly a crook comedy, two bank robbers, one professional and one amateur, are the central characters. They take refuge in a Pullman smoker where a millionaire and his prospective son-in-law are esconced. A detective suddenly appears and the robbers promptly join the millionaire's party, accompany him to a health resort, and temporarily escape.

Thomas Mills heads the San Francisco cast, which comes here intact and includes Dorothy LaMar, Alice Martlett, William Abram, Robert Reid, Charles Edler and Maurice Chick.

JOHN L. MCNAB ENDORSES PRESTON

To the Voters and My Friends of Mendocino County:

The name of John W. Preston will appear on the November ballot as a candidate for associate justice of the supreme court to succeed Thomas J. Lennon, deceased. John W. Preston is eminently qualified to fill the position of supreme justice, and because of my affectionate pride in everything that comes from Mendocino county I am doing everything I possibly can to insure Mr. Preston's election.

There may be danger certain voters may be confused by the fact the name of Hon. H. L. Preston appears on the ballot unopposed for Superior Judge, and the name of John W. Preston on the ballot for Supreme Judge. To remove this confusion, I hope every voter will remember to stamp a cross opposite the names of both Prestons.

The pride which good old Mendocino has always shown in its successful sons, will, I hope, bring forth a tremendous vote for this deserving candidate, whom the leaders of the bar everywhere unite in endorsing.

J. L. McNAB

A boy arrived Tuesday evening in the home of Mr. and Mrs. Fred Lavender of Potter valley. Mr. Lavender is manager of the Irvine-Muir organization in Potter valley. The son is the first child in the family. Dr. H. O. Cleland was in attendance.

VAN DYKE DESERVES SUPPORT OF PEOPLE

Present Tax Collector Has Earned Election by Constructive Work in Office

WAS APPOINTED FOR ABILITY

There is no individual on the ballot at the election a week from next Tuesday more deserving of the support of the people than Volney Van Dyke, who is running for the office of tax collector. Mr. Van Dyke is a Mendocino county man, born, raised and educated in this county. He was appointed to the office by the board of supervisors for outstanding ability after a thorough consideration of a number of candidates, including several other very able men. Mr. Van Dyke's former connection with the aduitor's office and also with that of tax collector, where he served as a deputy, have given him an insight into county finances second to none. Added to this he is a natural born accountant, and since receiving the appointment he has done much constructive work in systematizing the details of the office. The tax accounts are handled most carefully and under the system inaugurated by him there is no chance for any irregularities.

For years each successive grand jury has recommended that the tax collector furnish itemized statements to the taxpayers, but no feasible plan was found until Mr. Van Dyke worked one out. He arranged a system whereby each original tax bill is written by the same operation that writes it on the assessment roll. He then changed the system of bookkeeping to permit of the mailing out of these original itemized bills. In addition, this year the segregated tax rate is stamped on each bill.

His work has shown that the supervisors made no mistake when they gave him the appointment. He has well earned election at the hands of the people, and the Dispatch takes pleasure in giving him its unqualified endorsement.

ARREST FOLLOWS ROW

CLOVERDALE, Oct. 23.—George Matthews, owner of an extensive hunting reserve 16 miles northwest of here, was painfully but not dangerously injured about the head and face shortly before noon today when he was beaten with a club, wielded, he charges, by Louis Hopper, a former employee. Hopper, who lately has been employed on the Pyle ranch, just across the line in Mendocino county, near the Matthews place, was later arrested on a petty larceny warrant by Mendocino county authorities, but is to be turned over to Sonoma county authorities.

The men are said to have quarreled over money matters, Matthews alleging that he was attacked when he took Hopper to task for not "working out" money advanced him by the rancher.

Hopper was arrested on a charge of having stolen a battery in Hopland.

TWO ABLE MEN HEAD DEMOCRATIC TICKET

JUSTUS WARDELL

Justus S. Wardell, democratic candidate for governor, has stood for progressive policies ever since he became a voter. He served as surveyor of the port of San Francisco and afterwards as collector of internal revenue for the northern district of California and Nevada during the Woodrow Wilson administration and made an enviable record in those offices. He now comes before the people as a nominee for the office of governor without any pledges to embarass him and with the promise only to serve in the public interest.

John B. Elliott, democratic candidate for United States senator, has a consistent record of standing for the party's progressive ideals. He served as collector of customs at Los Angeles during two full terms under the last democratic administration and now aspires to the office of United States senator, ready to stand for the same high ideals that were represented by the administration of Woodrow Wilson.

These two men stand head and shoulders above the average and every democrat should be proud to support them.

ONE CENT SALE DRAWS BIG CROWDS AT MORRIS'S

The Morris Drug Co. has inaugurated a one-cent sale at their store in this city. The sales began yesterday and will last today and tomorrow.

These one-cent sales are a big annual advertising event with the Morris Drug Co. Two articles are sold at the price of one, plus one cent, and the buying public annually take advantage of the opportunity to fill their wants. That the sales are very popular is attested by the big crowds attending.

The liberality of the drug firm is much appreciated by the buying public of Ukiah.

P. G. & E. TO SELL TELEPHONE LINES TO PACIFIC T. & T. CO.

California Telephone and Light Company, a subsidiary of Pacific Gas and Electric Company, operating an electric and telephone and telegraph utility property, has applied to the Railroad Commission for permission to sell, and the Sacramento Valley Telephone Company, a subsidiary of The Pacific Telephone and Telegraph Company, to purchase the telephone properties of the former, including exchanges at Calistoga, Healdsburg, Guerneville, Lakeport, Sonoma, Middletown, and Potter Valley, and land and buildings at Calistoga and Healdsburg and the suburban telephone lines and property operated out of Cloverdale, Geyserville, Santa Rosa and Sebastopol, for the sum of $400,000. Purchase of these properties by the Sacramento Valley Telephone Company is proposed under a contract guaranteed by The Pacific Telephone and Telegraph Company.

LOCAL INDIANS ATTEND MEETING AT ST. FRANCIS

Representing the Northern California Indian Society, five local Indians made a trip to San Francisco last week to attend a meeting called by sponsors of Indian relief at the St. Francis Hotel. The local men were W. D. Williams, Stephen Knight, Frank Miller, Nelson Miller and Willie Grave.

The meeting was called to discuss ways and means of obtaining relief for the Indian tribes and to lighten the burden of poverty and ill health under which they are laboring.

The five men who attended from here state that much interest is being taken in Indian welfare by some very prominent people and that better times are in prospect for the various tribes.

They returned home Thursday evening of last week.

ALBION MEN IN TOILS OF THE LAW

SANTA ROSA, Oct. 25.—With a half a sack of non-game birds and five quail, which, they told officers, they intended to use as bait in their traps, William Jupp, 18, and Arton Danver, 27, recently of Albion, were arrested Sunday by Patrol Captain Henry Lencioni and Deputy Victor Von Arx in a cabin at Valley Crossing, on the Gualala river. Jail sentences of 90 days each, without alternative of fine, were imposed on them yesterday by Justice J. D. Boyd of Annapolis.

TO RUN TURKEY SHOOTS

A series of turkey shoots is to be run for several weeks at the Dunsing ranch north of town, every Sunday, beginning next Sunday. They will be under the direction of Martin Edwards. The public is invited to come out and try their skill with the rifle. Shooting will be at targets.

CHARITY PLAY TO BE GIVEN AT AUDITORIUM

Local Talent to Stage Production Under Auspices of N. S. G. W. Parlor on Nov. 5

Great interest is being manifested in the coming production of "Ordered to the Front," to be given by Haswells Little Theatre Co. at the grammar school auditorium on Friday, November 5. The play is being sponsored by the Native Sons of the Golden West, who plan to give a series of high-class plays under Mr. Haswell's direction if the venture meets with success.

Special scenery will be made for the productions.

Only the best in drama will be presented. The N. S. G. W. feels that in this manner they will give the community something that is needed and their share of the recepits will be used locally for charitable purposes.

Mr. Haswell is one of the foremost directors in the Little Theatre movement and for the past seven months has presented plays at Arcata, where his success has been so great that the Little Theatre is now a part of the community life the same as the clubs and lodges. "Ordered to the Front," the play that will introduce the Little Theatre to Ukiah, is an intense drama dealing with the conflict that brought sorrow to many homes. It is most dramatic and has several thrilling scenes. The comedy element in the play is very interesting and keeps the laughter going so as to keep back the tears.

COUNTERFEITING PLANT IS FOUND NEAR CASPAR

(Fort Bragg News)

A party of boys playing in the woods just north of Caspar Thursday afternoon discovered a counterfeiting outfit, consisting of a mould, a babbit ladle, some metal wrapped in a newspaper bearing a date in July this year, and about $12 in bogus coin. The ladle has been identified, it is stated, as one which has been missing from the machine shop of the Caspar Lumber Company for about three months.

There have no theories advanced as yet, as to the probable identity of the lawbreakers, but it is concluded the work is in all probablity the work of amateurs in the counterfeiter's art.

MARRIAGE LICENSES

Marriage licenses were issued the past week to the following couples: Peter C. Jepsen, 38, and Edith M. Madsen, 19, both of San Francisco; Donald Michael Buchanan, 33, and Vera Estelle Clarke, 28, both of Fort Bragg; William Harvey James, 28, and Sarah Ethel Cooley, 19, both of Napa.

Mr. and Mrs. Ferris Moulton and their two children from Oakland are coming to Ukiah today to spend the week end. They will be guests at the R. R. Ingels home.

Good Roads

Roads in Mendocino County have been considerably improved during recent years, and further improvements under way will make remote parts of the county more accessible.

Fortunately, those who have not now the advantage of easy travel to reach the County Seat may bank with us by mail. We are always glad to send self-addressed envelopes and deposit slips to those who do their banking in this convenient way; glad, also, to perform any service for out-of-town customers who find it inconvenient to come personally to the County Seat.

SCOUT CAMPOREE WAS UNQUALIFIED SUCCESS

The outstanding features of last week's big Scout camporee—which will remain with us as pleasant memories for many months— were the Scout "Pep" dinner at the I. O. O. F. hall, the grand parade and welcome which followed, the big rally at the grammar school auditorium and the Sunday Scout services at all of the churches.

About 10 o'clock Saturday morning Scouts commenced to roll into town, all in full uniform, the main distinguishing mark being the varicolored neckerchiefs. By dinner time the streets were crowded. A good 200 of them poured into the banquet hall where the Saturday Afternoon club ladies, assisted by Scout mothers and high school girls, served a wonderful dinner.

Of course, to make things really "peppy," there were speeches, songs, music, yells of every description, and much merry making among the scouts as well as the leaders, scout executives and friends.

Following the dinner a big parade was organized which passed through our main streets, then past the Albertinum, and back again to the courthouse, where the Scouts were officially welcomed. The parade was made up of representatives from Fort Bragg, Willits, Anderson valley, Covelo, Caspar, Mendocino, Hopland, Napa, and Ukiah. Mayor Geo. P. Anderson gave the welcoming address after which Scout Executive Louis E. Kahn responded, complimenting Mr. Anderson on his address and Ukiah in general on the spirit of welcome extended to all.

The remainder of the afternoon was devoted to outdoor contests and demonstrations and then the housing of the Scouts. Santa Rosa Troop 6, under their scoutmaster, H. Phillips, put on a splendid archery demonstration. All of the troop's equipment was made by the Scouts.

Ukiah opened its hearts and homes to the visiting Scouts and the evening meal was had in the homes of the local Scouts and friends. J. H. Kirkpatrick, secretary of the Chamber of Commerce, ably arranged this feature of the camporee program.

Then, after the boys had had their fill, everyone attended the big Scout rally at the grammar school auditorium. There they enjoyed a musical concert by the Ukiah band followed by a splendid and original program put on by the various troop patrols. The real treat of the evening, however, was the splendid Indian program given by students of the University of California.

Vernon DeMars, assisted by Allan Reasoner, Darrell Howell, Winston Young, and Gordon Grant gave their audience a wonderful glimpse of the customs of the American Indian. The costumes, songs, dances, and legends were so excellent that it was really hard to believe that these boys were not professional actors.

Sunday the Scouts attended their respective churches where there were special services for their benefit. The pastors, Sunday school teachers and members of the churches all made an effort to make the boys feel that brotherhood in scouting is a vital point in their creeds.

Over 20 leaders attended the various conferences and the dinner Sunday, where Scout Executive Radford, of Eureka, took a prominent part in the discussions. He was assisted by J. D. Collins, district chairman of

The Rambler

No community is going to make real progress if its people continually fool themselves into believing that everything within it is the best, or even the best it can have. Why not face the facts frankly and without equivocation? If there is a feature of our community life that does not measure up, I would seek for the fundamental cause, and, having found it, immediately prescribe a remedy. A community is largely like an individual. If it goes on day after day, year after year, in the same old second rate manner, it will some day suddenly realize that it has retrogressed to third class. I do not believe in patting each other on the back, in telling another what wonderful work he is doing with the expectation of reciprocity.

* * * * *

I met a man today and he asked me, "What are you doing for a living?" I replied, "Living."

* * * * *

"For the most disinterested and worth-while service to the community." The bank cups went to the Royal Arch Masons and Jos. I. Wilson. They were awarded for merit, for unselfish service rendered in 1925. Who will win them for 1926?

It used to be that when you saw a woman sewing on little garments it meant something. Nowadays, it just means that she is making a dress for herself.

Gossiping is not confined to women. I am acquainted with some first-class he-gossips.

Some people are like horses, they go well single, but have to be broken to work in a team. And it is team work that counts.

* * * * *

The tax bills are out. We have a $5.13 rate in Ukiah, but, if we can, let us meet it with a smile, for we might just as well do so. Taxes are higher this year and, as I have said repeatedly, they are going to be higher. In government as in everything else, we have departed from the old virtues, thrift, economy and efficiency. Waste and extravagance seem to be the order of the times.

* * * * *

I wonder why the trains blow so many whistles coming into Ukiah. If the railroad company had saved all the steam it has wasted in tooting perhaps it would have enough money by this time to build a new depot.

* * * * *

Of course, many of you must disagree with the manner of this column. But, I must do the best I can with the light I have. A newspaper, like an automobile, is a dangerous instrumentality and neither should ever be under the control of a reckless pilot. But, when it is necessary to hit, a newspaper should never hesitate, and should hit hard, but without personal animus or venom. There is greater necessity that a newspaper be tolerant than an individual.

* * * * *

For example, a friend spoke to me today of a man whom he classed as a very poor citizen and suggested that I unlimber the guns and open fire. But I informed him that perhaps he was mistaken, that time was the great prover of all things.

* * * * *

Ukiah has a great number of parties, just as every town has. Recently it was my good fortune to be invited to attend two of them. At first I guessed them right every time and at the second there was a surprise in store for me around every turn.

* * * * *

Does every town have as many mongrel curs as Ukiah? It seems that every hour of the day or night "the beggars do come to town." I love dogs, just as most normal people. Most dogs are like some individuals, always baying at the moon.

* * * * *

I know a young lady who lives here, so young that she had best be called a girl. She is beautiful. Of course, she should not be given great credit for that, but,—she has and wears exquisite clothes. They fit; the colors are harmonious; the designs make them easy to look upon. And,—she makes them all herself.

* * * * *

On that happy day they take oath that they will stand by "for better or for worse." But when the storms arise and the seas roll high, how soon many desert and leave a wreck on the shore of life's great ocean instead of bringing the ship safely into port.

* * * * *

God gave all men all earth to love,
But since our hearts are small,
Ordained for each one spot should prove
Beloved over all;
That as He watched Creation's birth,
So we, in godlike mood,
May of our love create our earth
And see that it is good.

Are the church choirs and others to get together this winter and offer some excellent music again?

* * * * *

When I was in school the teacher gave me this sentence to punctuate,—"That that is is that that is not is not." And when I finally succeeded in making sense out of it, I found that it made good sense. And it has been making good sense for me ever since.

* * * * *

Did you ever try this one on your piano?
I saw Esau kissing Kate;
The fact is, we all three saw;
For I saw Esau, he saw me,
And she saw I saw Esau.

Speaking of rhymes, what do you think of this one?
Man need not prey on man to keep alive;
Not all the birds are hawks, and yet they thrive.

* * * * *

Another reason why I hate reformers is because they are generally professionals. In order for a reform to command their talents it must be profitable.

* * * * *

A public library should be a creative agency in intellectual movements. It should be a leader or an organizer, never a follower. It is the duty of a librarian to make reading an appealing occupation. A library should never assume that ignorance is safer than intelligence or that stupidity is the first cousin to moral conduct.

* * * * *

There is one affair in Ukiah that always starts on time,—Bill Roberts' picture show. Every evening when the hand of the clerk reaches seven, the lights go out,—so regularly that it almost seems mechanical.

Mendocino Co. Farm Bureau asks you to

Vote YES on No. 28

The Federal Plan for Reapportionment

This plan provides 40 Senators, one for each County as nearly as possible, thereby guaranteeing the control of the Senate to the Country districts. It also provides for 80 Assembly districts so bounded as to make them equal in population. This would give the control of the Assembly to the large cities of the state. One house under the control of the country and one under the control of the large cities is a fair division.

You are also asked to vote NO on No. 20, known as the Los Angeles plan. It provides a commission of five men to reapportion the state on the population basis. This would give the control of both houses—the Senate and Assembly—to Los Angeles and San Francisco, a thing which would be disastrous to the country districts and to agriculture of the state.

Vote NO on No. 20

GRAND CHAPTER

Mrs. Hale McCowen, Sr. had the honor of presiding at Grand Chapter of Eastern Star held last week in Hotel Del Coronado. Mrs. McCowen took the chair at the request of the grand matron, while the latter took an active part on the floor of the session for a short period.

Mrs. Hazel Marsh Piper of Santa Cruz, was elected grand matron, and Raymond Griest of San Francisco, grand patron. Out of compliment to the grand matron the next meeting of grand chapter will be held in Santa Cruz notwithstanding that a recent grand chapter held its sessions there.

There were over six hundred in attendance at grand chapter at Coronado. In this number were more than 1300 voting delegates, grand officers and past grand officers. The social life of the sessions was most entertaining. More than 900 guests were entertained at Hotel Coronado where all sessions of the chapter were held.

Mrs. McCowen met at grand chapter a number of old time friends, some of whom were former residents of this district. Mrs. Kathryn Gibson Scull was a delegate from Beverly Hills. She is a daughter of Daniel M. Gibson, who will be remembered here. Mrs. Emma English Stewart of Elvarado and Mrs. William Van Allen of San Diego were other friends greeted on the trip. Mrs. McCowen was named on the resolutions committee for the grand chapter, one of the most important committees of the session. She is a past grand matron and keeps always in active touch with the state affairs of Eastern Star.

MOCK WEDDING

A mock wedding was a hilarious surprise at Pythian Sisters celebration last Friday evening. The personnel of the bridal party, the costuming and the general tone of the bridal procession made most ridiculous this time honored custom. Frank Straight was the bride and Mrs. Jack Payne, the groom. Jack Payne acted as bridesmaid and Miss Pauline Benjes, best man. Mrs. Fred Nassie and Mrs. E. A. Neuhaus were flower girls and C. H. Crawford, ring bearer. Mrs. O. F. Graf gave the bride into the keeping of the groom. Charles Duncan was a prominent member of the bridal party, impersonating the bride's mother. The ceremony was performed by Mrs. Charles Duncan. Mrs. Vincent Giorno was the weeping aunt whose sobs accompanied the ceremony.

Frank Straight as bride gave a comic interpretation which was enhanced greatly by the bridal costume. The bridal veil was long and sweeping. The bouquet combined flowers and vegetables fastened with bright yellow loops. The picture hat worn by Jack Payne, the bridesmaid, was the striking note of this costume. The flower girls in half socks, big bows on their hair, carried baskets of young onions tied with ribbons combined with parsley. The

HALLOWE'EN JINKS CLEVERLY ARRANGED

Hallowe'en jinks in Cultus club was exceptionally clever. Mrs. E. W. Stephens and Mrs. J. H. Martensen are responsible for the arrangement of the progam. Impersonating those fascinating actors in child-land, Raggedy Ann and Raggedy Andy, Mrs. Martensen and Mrs. Stephens presented an original program. Mrs. Stephens as Raggedy Ann and Mrs. Martensen as Raggedy Andy represented these two characters perfectly, in every detail of the make up, in action and diction. Raggedy Ann and Raggedy Andy with padded feet, blank, interesting faces, mechanical motion and quaint speeches acted their parts and presented a dialogue familiar to every child and to mothers of children.

Reading the funny page together, Raggedy Ann and Raggedy Andy expressed the wish to see in person the characters so well known in print. Whereupon Maggie and Jiggs appeared, Mrs. Frank Reynolds as Jiggs and Miss Shirley Perry as Maggie. They enacted a sheet from the funny page. Another wish brought the Gumps, Mrs. T. M. Maguire, for Andy and Mrs. F. E. Gilmore, Min. The favorite funny to many readers, "Walt" and Mrs. Walt appeared with Skeezix and Rachel. Mrs. J. A. Jamison impersonated Walt, Mrs. Floyd Banker, Mrs. Walt, Miss Veta White, Skeezix and Mrs. Robherd Thomas, Rachel.

Responses to roll call were made with Hallowe'en verses, original and otherwise. The penalty for lack of responses was met by ducking for apples in a tub, placed in the center of the club group. Some decidedly original verses were offered in response after the penalty was made known. A Hallowe'en puzzle was entered into by the entire group, Mrs. F. E. Gilmore winning the prize. Miss Gladys Anker and Mrs. E. W. Stephens each contributed vocal solos. All club members were attired in sheet and pillow slip costume. A brief business meeting was held.

The next meeting of the club will be held November 8 at the home of Mrs. F. E. Gilmore.

Children Receive Distinguished Visitors

Raggedy Ann and Raggedy Andy stepped out of John Gruelle's fascinating story into real life, and appeared at Ukiah grammar school Wednesday morning. They visited kindergarten, the first, second and third grades. The children went wild wild with delight. To actually see Raggedy Ann and Raggedy Andy, hear them talk and sing and see them dance, was pure joy to the youngsters. They crowded to the windows when the visitors departed, waved "good-bye" frantically, and their little faces showed how loathe they were to see the vision depart.

Even grown-ups who met Raggedy Ann and Raggedy Andy on their brief visit in Ukiah, declare they stepped right out of the book. They were identical with the pictures and they acted the part perfectly.

OUR BOND CAMPAIGN

California enjoys the happy distinction of having enacted a unique piece of cooperative legislation for its veterans that has proved in actual practice to be the most economically sound measure for ex-soldiers ever devised in any state or country. The finest endorsement of Proposition No. 1 on the November ballot, which provides an additional $20,000,000 to finance homes and farms for veterans without cost to the taxpayers, is the splendid record made by the Veterans Welfare Board in the administration of the original $10,000,000 appropriated in 1922.

The figures taken from a recent report of the Welfare Board show that more than $5,000,000 were saved to veterans by simply using the credit of the state to enable the veteran to benefit by the buying power of cash and by obtaining for him a five per cent interest rate rather than the usual seven per cent. Every dollar advanced by the state and interest on the entire $10,000,000 is being paid back by the veterans, but in the process of repayment he is saving practically 50 per cent of the amount he would be required to pay if he bought his home or farm on the usual time payment plan.

Up to June 1, 1926, 2,200 veterans, not one in a hundred of whom had previously owned real property, had purchased property with an aggregate value of $10,300,000. Without the credit of the state, these identical homes and farms would have cost the veterans at least $15,370,000. In other words, the state, without cost to the taxpayers, has saved our veterans more than $5,000,000 and at the same time has taken a remarkable step in building up better citizenship which always comes with home ownership.

With only 2,200 of the 15,000 applicants for the benefits of this bill accommodated by the original $10,000,000 bond issue it is imperative for our state to carry on the good work started and to see that every deserving veteran be given the privilege of owning a home or farm with state aid. The additional $20,000,000 bond issue which appears on the November ballot as Proposition No. 1 will adequately care for these men and is deserving of the support of every California voter.

THIRTY YEARS AGO

We REMEBER——

When hens were $3.00 a doz., roosters 10c a piece, eggs, 3 doz. for 25c; butter, 10c pound; milk, 5c a qt.; the butcher gave away liver and treated the kids to bologna; the hired girl received $2.00 a week and did the washin'; women did not powder and paint (in public),smoke, vote, play poker or shake the shimmie. Men wore wiskers and boots, chewed tobacco and spit on the sidewalk. A kerosene hanging lamp and a stereoscope in the parlor were luxuries. No one was operated on for appendicitis or bought glands; microbes unheard of; folks lived to a good old age and every year walked miles to wish their friends a Merry Xmas and Happy New Year.

Today, you know

Everybody rides in automobiles, or flies; plays golf; plays the piano with their feet; go to the movies nightly; smoke cigarettes and never go to bed the same day they get up. Now these are the days of suffragetting, profiteering, rent hogs, excess taxes and prohibition. If you think life is worth living then come—Christian Endeavors to the Hallowe'en social at the Christian church Friday evening, October 29, 7:30.

AN AMENDMENT

Easy to understand

NUMBER 7 ON THE BALLOT provides the same rate of taxation for short line steam railroads as for electric railroads. That's all!. It's FAIR. Vote YES.

These 38 little steam lines (average length 34 miles) serve sparsely settled communities. They now pay a higher tax rate than the electric lines that serve metropolitan areas. They are, in a majority of cases, unable to meet their bond interest. Many of them operate at a loss. Yet they are taxed on the same basis as the great transcontinental lines. ALL THEY WANT IS AN EVEN BREAK.

VOTE YES ON NUMBER 7

THE "SHORT LINE" AMENDMENT. Your vote will help the small communities—and the small communities buy your goods. California needs its short line roads.

Subject to change by Legislature, changes State tax on steam railroads not exceeding two hundred and fifty miles in length, operated separately and not as part of another railroad owning or operating lines exceeding such length, from seven to five and one-quarter per cent of gross receipts ascertained as provided in Constitution; if such classification violates Federal Constitution, or prejudices State's right to tax other steam railroads at different rate, taxes all steam railroads seven per cent, or percentage hereafter adopted. F. D. PATTON

CANDIDATE FOR SUPERINTENDENT OF SCHOOLS

Once more I wish to thank the voters of Mendocino county for the splendid vote you gave me at the primary election. The fact that I was the leading candidate is a valuable recommendation and evidence of your confidence in my ability to fill the office I seek.

As superintendent of schools it will be my aim to serve the taxpayers efficiently and economically.

We have a splendid school system and I am opposed to any radical changes. It would mean injury to the child and an increased expense to the taxpayers.

I believe that the cost of maintaining our schools can be lessened without in any way sacrificing efficiency.

It is my ambition to know personally every boy and girl in this county and to help prepare them for better citizenship.

I will feel very grateful to you for your support at the general election, Tuesday, November 2, 1926.

Respectfully,
F. D. PATTON.

ROUND VALLEY

COVELO, Oct. 26.—Leon Terry, mail carrier from Mina, was in town Saturday evening.

Mr. and Mrs. Ed Gibson returned to their home in San Francisco last week after a visit with Mrs. Gibson's mother, Mrs. Hoxie.

Rev. and Mrs. Kent returned Friday from Santa Rosa, where they had been attending Benicia Presbytery.

Mr. Kent's mother, Mrs. F. V. Kent of Kansas City, Kansas, who has been visiting her son and wife since July, started Tuesday on the return trip to her mid-west home. Mrs. Kent has made many friends during her stay in the valley who regret to see her go and wish for her a safe and pleasant journey.

Mrs. Eda Webster, who is in the Seabright sanitarium at Santa Cruz, following an operation, is reported so far improved as to be able to sit up and will soon be able to leave the hospital. Her many Round valley friends will be glad to welcome her home.

The Ladies' Aid of the Presbyterian church are preparing to give a chicken pie dinner on election day, in the Charley Hurt building. An elaborate menu will be prepared at only 50c a plate. The funds will be used toward refinishing the old and purchasing new seats for the church.

The Covelo Chautauqua will open October 27 and continue for five programs. There was a rush for reserved seats when they were placed on sale, so a large attendance is expected to greet these excellent entertainers.

Mr. and Mrs. Geo. Walsh returned Sunday evening from Santa Rosa, where they had been visiting friends, and where Mr. Walsh attended Presbytery, as a lay delegate from the Covelo church. Mr. Walsh will give a report of the meetings to the congregation here next Sunday.

Dr. G. K. and Mrs. Osborn motored to Fairfield Friday for a week end visit with the doctor's sister. Returning they visited Mrs. Osborn's mother in Ukiah. They arrived home Sunday evening.

Mrs. Perry of Alder Point is here for an extended visit with her daughter, Mrs. Otto White, and family.

On election day, home-made candies will be sold near each of the polls, the proceeds of which will be used to buy small chairs for the little tots of the Presbyterian Sunday school. The enrollment of this department has increased so rapidly that there are less than half enough chairs at command, and Mrs. Cliff Foster, the superintendent, is making every effort to supply the urgent need.

Round valley is having an epidemic of splendid improvements. Otto White, who has lately modernized his home with bathroom, screened-in porches, sawdust packed walled fruit-room, laundry, etc., is now enlarging the barn to accommodate his enlarged dairy herd and newly purchased flock of sheep.

E. A. Gravier and wife moved last week into their beautiful new bungalow north of town.

Tod Hurt's new bungalow south of town is nearing completion and will add another to the many attractive homes on the road leading into Covelo.

Mr. Powers is putting up a house on the place he recently purchased west of town adjoining the Eldred place. Jack Hart is doing the work.

Mr. Cooper will build a house and other improvements on the place he recently bought on the Reservation. This is a good piece of land on which he expects to make his home.

On the place north of town that Bert Smith, of San Francisco, recently bought of Joe Smith, extensive improvements will be made. Mr. Smith is clearing, burning bursh and otherwise preparing for the changes. The house will be moved to a more sightly location further north on the lot and made into an up to date dwelling.

Jake Short has torn down the old building lately occupied by Barrett's garage and will put up a commodious garage and service station complete in equipment. This is an excellent location and the new structure will add greatly to the appearance of the town.

At the Fall Festival lately arranged by the Dorcas Ladies' Aid, about $20 was cleared. This festival has become an annual affair. It attains somewhat the proportions of a community fair. Fruits, canned and otherwise, vegetables, melons, potted plants, bulbs, as well as all manner of needle and art work, cakes, pies, etc., were on display.

Robert and Jack Langland left Thursday for San Diego where they will again make their home after spending the summer in this vicinity.

Truman Lowry is in Ukiah on business today.

John Grist, who has been a very sick man, is considerably better at this writing. His many friends hope he will soon be on the streets again.

R. M. Anderson is harvesting his pumpkin crop and they are SOME PUMPKINS. Many of them weigh over 100 lbs. He is having some difficulty getting a hand-hold, but is not discouraged. Will save the seed of the most obstreperous and try to grow them still heavier next year. A snapshot was taken. Three of them, not the largest either, made a pyramid almost as tall as Mr. Anderson, himself.

Don't forget to put a cross after the name of F. D. Patton for school superintendent. 5-1t

SPEED COPS BUSY

The local traffic squad has been busy the past few days. Many arrests have been made and the license of H. Bray, of Willits, has been revoked 15 days for reckless driving. J. C. Myers, of Hopland, was fined $15 for going 55 miles by Judge Clendenin. Bob Kennedy, of Willits, had his license revoked for 30 days for having no headlight and no taillight; Glen Blake, of Willits, was forced to stay off his truck for five days because he had no drivers' license; Peter Rudd, of Ukiah, is in the toils for having neither headlight nor taillight. Some twenty-odd other arrests have been made.

Officers Pettis and Ryder made a trip to Covelo last Monday, returning Tuesday, on official business.

ALL-CALIFORNIA HIGHWAYS CAMPAIGN COMMITTEE — Vote 4 Gas Tax

VOTE YES on GAS TAX
Proposition No. 4 on November 2

Let's finish the Job Now—Complete the California Highway System.

Just one-cent added to the present gasoline tax (A tax no one feels!) will do the job and do it right in 12 years.

DO YOUR BIT

At present there is not a dollar for NEW Road construction in the State Treasury.

At present there is NO WAY of getting any money for new road construction. AND THE HIGHWAY SYSTEM IS ONLY ABOUT ONE-THIRD COMPLETED.

The simplest, most economical and least bothersome as well as burdensome way of getting money for new highway construction is by means of the proposed ONE-CENT gasoline tax.

This Is Proposition Number 4 On The November Ballot

If adopted by the people it will bring in about $10,000,000 a year, all for new roads.

GOOD ROADS PAY FOR THEMSELVES THROUGH INCREASED VALUATION OF LAND; THROUGH SAVING OF AUTOMOBILE TIRES AND THE WEAR AND TEAR ON CARS; THROUGH USE OF LESS GASOLINE, AND IN COUNTLESS OTHER WAYS.

Everybody that uses the roads helps to pay for them — EVEN THE VISITING TOURIST TO THIS STATE. In fact the gasoline tax is the ONLY WAY whereby the visitor to California — and there are hundreds of thousands of them each year—can be made to do HIS BIT towards GOOD ROADS IN CALIFORNIA.

Good highways are California's GREATEST ASSET because they open up all the other natural resources, and build up the value of the State's scenic wonders. Every dollar spent on good roads is an investment that brings big returns every year.

DON'T FORGET THE NUMBER ON THE BALLOT—4. The gasoline tax measure is FOURTH on the ballot. Look for it and VOTE for it on Nov. 2.

Answer to the Darcy Report

(F. W. REYNOLDS)

In my answer to the Darcy Report I have endeavored to bring out for your inspection some of the salient points of takation as they affect our county, in a different light than that in which the report carries them. I have talked with many men in regard to this report and in most cases they feel that it did not accomplish what was in their minds, i. e., less taxes. This seems to be especially true for the last three years. The reasons for the increase, I believe, are better understood today than they were before the report was undertaken.

Mr. Darcy has called attention to assessed valuations. I have shown you the reasons for changes. I have also shown you that your assessments have changed but little in the last few years. They are practically the same. We have both called attention to expenditures over different periods showing percentages of increase or decrease; and to what effect? This year your general county rate was very materially increased by the Board of Supervisors on account of the demand for new roads and bridges in the respective districts, while our school rates were reduced in almost every district.

To meet these increased demands we are faced with an economic situation of which it is hard to foretell the final result, and if you will consider for a few moments, I think I can give you a little food for thought. Fruit returns per unit are less than they were three years ago. The cattle industry is about the same. Sheep are less, and none too strong. The lumber industry is in red ink. The dairy industry is on an even balance. To produce the above staples which are the main-springs of our county, costs as much today as it did three years ago.

Taxes are not the only expense that is getting us. Our method of living has changed greatly in a few short years. All are giving a great deal more time to pleasure where a few years ago only the wealthy could afford a special driving team worth at the best $500.00. Today our boy's Ford costs more. We have produced a demand for different methods of living far greater than we have increased our ability to pay. Remember, conditions may seem fairly good in California, but that unsettled conditions south and east will have their bearing here sooner or later.

It seems to me we have been living on the top of the world for the last few years, and now as our ability to pay grows less, we hate to get off. If everyone was making money easily taxes would not be considered any greater burden than our other expenditures but now that we are paying interest on debts contracted during flush times, paying the last installment on the old car, we feel the pinch and are very likely to blame the men we have elected to carry out the demands for governmental expense that we ourselves have made during these times and for which they are in no way responsible. I wonder how many worried taxpayers ever stop to think of the number of changes they have voted in the last few years that have greatly increased their taxes—bonds for roads, buildings, free text books, improvement to water ways, exemptions for special reasons, etc. Note what a few of your amendments will do at this election.

Now, readers, while Mr. Darcy was not supposed to give a conclusion, he gave many. I am going to call your attention to mine. Your assessor's duty is to give you an equalized assessment from year to year on the cash value of your property as the basis of your ability to pay. If you are equally assessed one kind against another, then his work is done well. As to the total amount you pay, his work is not concerned. That is the business of your governing bodies whose duty it is to guage your demands, and in making these demands, carry this last thought as one of your supervisors so aptly put it at the last session. "We will always endeavor to give what you all want, although we sometimes give you something that some of you do not want."

Constitutional Amendment No. 25, which appears on the November ballot as Proposition No. 19, is a very important measure and should receive liberal support. It provides for the partial retirement and continuing service of judges of the Superior, Appellate and Supreme courts over sixty years of age, after twenty-four years of service. It does not apply in favor of any judge who leaves the bench and re-engages in the practice of the law. It is a just recognition of the faithful service of the honorable judge who has spent his life in the service of the state. It places our judiciary on a higher plane and upholds the dignity of the profession, by enabling the faithful to make a wise provision for their families when overtaken by sickness or age.

After retirement they may be required to serve as judges, provided they have not re-entered the practice of law. Congested calendars will thus be relieved. It will also mean a saving to the taxpayers as well. Vote "Yes."

A MESSAGE TO VOTERS

Ukiah, Calif., Oct. 25, 1926

To the Voters of Mendocino County, Calif.:

Official duties and home conditions have prevented me from making a house-to-house canvass. If I have not met you, it is my misfortune. This is a request that you give me some consideration as a candidate for the office of Superintendent of Schools.

I do not base my candidacy upon hot air, political trickery, servility to a political boss who will dictate my policy, or appeals to organized prejudice of any class. I am putting myself before you as a candidate qualified in all respects to do the work of the office as it should be done in order to keep the schools of Mendocino county in the front rank, educationally, morally, and socially.

You are entitled to know that, while I believe in the broad principle of religious toleration—that every man should enjoy the privilege of worshipping his God according to the dictates of his conscience—I am a Presbyterian in faith; I am married and sensible to the responsibilities of that relation, and take pride in the fact that I am the respected head of a respectable family; I am a progressive educator qualified by training, certification and experience to hold any educational position in any school in Mendocino county.

In a letter published before the primary election I stated my position relative to school expenditures, course of study, rural supervision, and school policies in general. These policies have been formulated from experiences gained through twenty years of service in this county as grammar school teacher and principal, high school teacher and principal, member of the county Board of Education, and rural school supervisor, together with experiences derived from university summer school work and close contact with many of the best educational minds in this state. I am closely identified with the constructive educational programme now being gradually developed in this county and I feel that any interference with the growth of this programme will be an educational calamity that should not be permitted. My acquaintance with the schools and the school children, my knowledge of the financial conditions and the taxation problems of this county, and my ability as an office man will make it possible for me to conduct the business of the office most economically while retaining efficiency and preserving and continuing the progressive growth of our school programme.

I have made no pledges other than those published before the primary election, and any report that I have promised to appoint any particular person to any position, if I should be elected, is false and is being maliciously circulated for political effect.

I now pledge that, if I am elected, I will not appoint a member of my family to a position under me, and I further pledge that I will carefully examine the past reputation, the present social standing, and the educational qualifications of every person who may be suggested for a position connected with the office.

The man that you elect will control the school lives of some 5,000 children during the next four years. The mental, moral, and physical welfare of these 5,000 children is just now in your charge and will be until the close of the polls on November 2, 1926. Everything connected with a candidate that may have a good or evil influence should be considered The duty rests upon you to apply the acid test to each candidate when making your choice and to vote so as to best protect the interests of these school children.

Respectfully yours,
F. L. CAUGHEY

TO THE TAXPAYERS OF UKIAH TOWNSHIP

I am a candidate for constable in the township of Ukiah. If I am elected I will faithfully perform every duty the law directs me to assume. J. W. PAYNE

POPULAR STAR IN A WINNER

Richard Barthelmess, noted for the versatility and charm of his many characterizations on the screen, has found a vehicle worthy of his talents in "The Amateur Gentleman," which closes tonight at the State theatre. It is a romantic and adventurous cinema tale teeming with spectacular situatins and offering the star great opportunities for heroic buccaneering and intense love making. He is supported by a cast including Dorothy Dunbar, Gardiner James, Herbert Grimwood, Billie Bennett, Nigel Barrie, John Miljan, Gino Corrado, John S. Peters, Brandon Hurst, Sidney de Gray, and others.

GREAT GOLD RUSH PICTURE

One of the most talked of motion pictures made in many years, is "The Flame of the Yukon," which is booked for Saturday at the State theatre. This is a remarkable photoplay of gold rush days in the Canadian Northwest, and it is said by critics to be tremendously dramatic and appealing. Seena Owen, for many years a popular screen star, has the stellar role and she is supported in the leading man's part by Arnold Gray, who is quite unknown to screen fans but who, by reason of his great performance in this picture, is bound to spring into film prominence.

Matthew Betz, Jack McDonald, Winifred Greenwood, Vadin Uraneff and other well known screen players appear in the supporting cast.

STRONG SUPPORT FOR NORMA

The heights and the depths!

Both are plumbed in Norma Talmadge's late photoplay, "The Lady," which is to be presented Monday at the State theatre under the auspices of the Catholic Ladies' League of Ukiah.

The special supporting cast includes Wallace MacDonald, Norma's leading man; Alf Goulding, Brandon Hurst, Emily Fitzroy, George Hackathorne, Walter Long, Marc MacDermott, Dorris Lloyd, John Fox, Jr., Paulette Duval, Edwin Hubbell, Loro Bara, John Herdman, Margaret Seddon, Miles McCarthay, and Charles O'Malley.

STIRRING DRAMA NEXT WEEK

"Pals First," the film version of the immensely successful novel by Frances Perry Elliott and played by Leo Wilson Dodd, featuring Lloyd Hughes and Dolores Del Rio, comes next Tuesday to the State theatre here.

Others included in the cast are Alec Francis, George Cooper, Edward Earle, Hamilton Morse, George Reed, Alice Nichols and Alice Belcher.

NEW TYPE STORY WEDNESDAY

To most people freedom is a precious thing. However, in "Going the Limit," George O'Hara's first starring vehicle for F. B. O. to be shown at the State theatre next Wednesday, the young hero spends many hours plotting and planning how he shall merit a jail sentence. Of course, there is a beautiful young lady whom he loves very dearly back of all this! So when he woos her by forging checks, robbing banks, stealing cars and blowing safes, we can be assured that there is something very different about this love affair. The story might well be termed a "Series of Surprises,"—there is a fresh and more delightful one every few minutes. Just when a situation achieves a gripping, thrilling point, it unexpectedly bursts with a new and amazing idea which guarantees the audience convulsions of joy. The girl behind the fun is played by Sally Long. Others in the cast are: Brooks Benedict, Tom Ricketts and Murdock McQuarrie.

A MASTERPIECE

June Mathis, master mind behind the production of "The Four Horsemen" and "Blood and Sand," is sponsor for what is now acclaimed as the most colossal production of them all. This is "The Greater Glory," a new First National superfeature, which will be shown at the State theatre here on November 4 and 5.

Founded on the celebrated novel, "Viennese Medley," by Edith O'Shaughnessy, wife of the American ambassador at Vienna, Miss Mathis has reconstructed and expanded the story into what is perhaps destined to be the most psychologically correct and gigantic work of drama ever shown before an American picture audience.

Of a cast of twenty to be seen in her new opus, pivotal roles go to Anna Q. Nilsson, Lucy Beaumont, Ian Keith and Jean Hersholt.

SCOUT CAMPOREE

(Continued from page 1)

Fort Bragg; C. A. Bernhard, and other local men.

Sunday afternoon was devoted to a sightseeing tour of Ukiah valley. Many sightseeing parties had the chance to see and enjoy our wonderful valley. After the sightseeing trip the Scout camporee was officially over and the many guests departed for their respective homes.

The Scout camporee was voted an entire success by everyone and the Ukiah Scouts are now looking forward to the camporee that will be put on in Napa some time the latter part of November.

To Roy York, Scoutmasters Jos. I. Wilson, Richard Andrews and Lawrence Waugh belongs much of the credit for the success of the camporee.

Mr. and Mrs. George Finney, of Upper Lake, were visitors in this city Tuesday.
